

House Martin Mapper is hosted by Coreo this is the same host site used for Swift Mapper

There are three different ways to set up the mapper:

- If you use the Swift Mapper mobile app follow the instructions in the blue box below - also indicated by this icon: 
- For a new Coreo account and mobile app set up, follow the instructions in the green box - also indicated by this icon: 
- To use the mapper via a laptop or computer use the dark red box and either the section for a new Coreo user, or an existing/swift mapper user - icon: 

Swift Mapper Mobile App Users
